Fidalgo Shoreline Academy, a day of learning for everyone, is an annual event sponsored by Friends of Skagit Beaches.

Our mission is to protect Skagit County's shorelines through education, research and stewardship. Fidalgo Shoreline Academy is designed to inspire community members to care for and protect our marine environment.

Come join us and choose from a variety of presentations and Trail Tales interpretive walks offered by local and regional experts.

Attention teachers: four and a half continuing education clock hours are available by attending the entire day!

9:30 Keynote Speaker: "Deep Ocean Vents" by Dr. Deborah Kelley

Dr. Kelley is a professor at the University of Washington School of Oceanography. Her research focuses on understanding the processes that link together active submarine volcanoes, hydrothermal vents, and the life that they support. Most of her research takes place along the Juan de Fuca Ridge off the coast of Washington
